

JVP INTERNATIONAL SCHOOL

# The Glory

”

**-Mr. Pramod Kumar Bansal  
Chief Mentor**

To begin with, I would like to extend a hearty welcome to all the parents who have shown an interest in JVP INTERNATIONAL SCHOOL.

'True Education lies in enriching every child to reach his/her maximum potential.'

We, at JVPIS, serve as the foundation of strong values by developing problem-solving skills which are a must for sustainable growth.

Through our curriculum, we aspire to strengthen the friendly, ethical and cultural development of our students and to equip them for future responsibilities. The school enables its students to gain the highest qualifications to acquire life-long learning skills and prepare them as global citizens.

With each academic session, we are growing from strength to strength and continuously aspire for excellence and success in all our endeavors.

We enable our children to excel in their hidden potential by exposing them to diverse opportunities. We teach them to be confident, creative, and independent.

It is my firm belief that a weak link is better than a strong memory. Nothing exemplifies it better than the nostalgic feeling one gets when looking through the old school pictures, medals, and certificates. It can make the onlooker travel down the lanes of memory, giving rise to a surge of emotions of many hues and colors. With an intention to never fade away those golden memories.

JVPIS launches the first edition of its first E-newsletter. This newsletter will serve as a forum to highlight the school activities, competitions, and celebrations that the students participated in, won certificates and awards.

I invite you all to immerse yourself in the Newsletter and be exalted.

Happy Reading!!

”

**-Mr. Gaurav Bansal**  
**Director**

Children are curious by nature and if they are provided with appropriate opportunities, nurtured with due care, and attended to with diligence they flourish and grow up to be happy, healthy, and responsible human beings who can contribute positively to society. With various new avenues of professions opening up and innovation being the buzzword in today's times our children need to be creative, imaginative, and analytical in their approach. Along with nurturing the inherent skills, it is important to polish the acquired skills of each child.

Education has no meaning if it can't create individuals with basic human qualities like compassion, integrity, self-awareness, courage, empathy diligence, and perseverance. We all know that only physically fit, emotionally balanced, and mentally alert people can have meaningful and impactful life. Thus for comprehensive development, it is essential that students are exposed to a variety of learning opportunities not only within the boundaries of classrooms and school campus but even outside it.

JVP INTERNATIONAL SCHOOL is treading this path of bringing out the true potential of its students. Education here is governed by creating a platform wherein the curriculum and the teachers facilitate learning as per the requirements of the time and individual needs of the students. True to our vision and mission we work diligently to make sure that proud JVPIans carry basic values of life with them and become lifelong learners to lead a fruitful life in the future.

It is rightly said that “A dream becomes a goal when action is taken towards its achievement” and we at JVP INTERNATIONAL SCHOOL are committed to take constructive and purposeful actions to produce optimistic, independent, compassionate, lifelong learners and leaders who will bring glory to the School, State and the Nation.”

**-Mr. Atul Kulshreshtha**  
**Principal Mentor**

We believe that a child's education is a shared process where home and school work in a partnership for the mutual benefit of the child. In my earnest attempt to delineate the prospects that your child would have at our institution, it becomes my prime responsibility to put to you the ideology and conviction inherent in the foundation of JVP INTERNATIONAL SCHOOL. An extract from one saying “....

Your children are not your children. They are the sons and daughters of life's longing for itself... you are the bows, from which your children as living arrows are sent forth”. With your support, our confident team will surely set high standards in the field of education in the times to come. The students at JVP International School will experience the joy of discovery, rather than just be quantities measured by numerical scores or letters of the alphabet.

**Ms. Sunita Puri-**  
**Principal**

As a Principal of JVPIS, it gives me a profound privilege and pleasure to inform you that JVP INTERNATIONAL SCHOOL is issuing the first edition of its E-newsletter.

The E-newsletter is to celebrate the many accomplishments and achievements that have been made by the students of JVPIS in the past three months.

It was a tenure of triumphs and victories of facing new challenges and reaching greater heights. Here, at JVPIS, we believe a school plays a crucial role in shaping a child's future. Not only does this include the provision of education and ensuring learning, but molding the character, morals, and value system of the child as well. Hence, we strive to provide education that explores, challenges, and grows every aspect of the child's personality. We endeavor to provide sufficient opportunities to each student to understand and discover themselves and to face and overcome challenges presented to them to make school life fulfilling and complete. We take pride in helping them grow and develop into sensitive and responsible well-rounded personalities of the next generation.

While we are determined to provide seamless learning targeted toward excellent academic performance through the incorporation of the latest teaching approaches, we also ensure that we are actively working on the physical, social, emotional, and spiritual training of our children. We focus on contextual learning to provide techniques such as problem-solving, learning by doing & inquiry-based learning activities. Our teachers help students to test their ideas and draw conclusions & inferences in a collaborative learning environment which transforms the students to become active participants in the learning process.

Our earnest attempt is towards upholding academic integrity, and accountability, sustaining open and transparent systems and being sensitive to social responsibilities.

We will continue with the spirit of inculcating ethics & ethos in young minds with aplomb and dedication.

Happy learning!

**-Mr. Ankit Jain**  
**Coordinator (Admin & Academic)**

JVP International School possesses a unique educational environment. It is a place where we have committed ourselves to the vision of raising achievements, inflating aspirations, and enriching partnerships.

It is through this that we create a focus on students' success. The school has built a reputation for the quality of its work, from developing teaching and learning to extra-curricular opportunities. There is no doubt that the achievement of our students is built upon the partnership between students, parents, and staff. Through the quality of the teaching and learning, the students' support, and commitment to extra-curricular activities, we create the building blocks of success.

The school has chosen to place itself at the forefront of educational development, to focus on developing learning environments and a commitment for our students to be inclusive with unique ways, to help all students continue their learning.

**Ms. Nisha Chouhan-**  
**Coordinator (Jr. Wing)**

A famous Psychologist, Gessel once quoted, 'During first six years the child learns double of later 12 years.'

We at JVP International School go with the statement and believe that the infancy years of an individual are the years that determine his or her future life. Hence we persistently endeavor to impart an education that looks beyond the frontiers of formal education.

We pride ourselves on being an institution that provides holistic education for the all-round development of the child with excellence in academics, and excellence in behavior as our mission. To fulfill our mission we regularly search and incorporate innovative teaching pedagogies to benefit our students to the maximum.

With us, your child will embark on many roads of discovering and learning.

The Kindergarten staff of JVPIS is always available to provide help and assistance in making your child's initial days HAPPY DAYS!!

2nd  
April

# THE ORIENTATION DAY

With supreme excitement, looms umpteen number of questions in the minds of students when they step into the new academic session. Orientation is a chance for students to learn how things will work in the new session or at their new school.

A good Orientation Program helps students feel delighted about starting the new academic session.

So, the New Academic Session started with Orientation Day, and the best activity for the kids to make a new session memorable is to learn about their school by taking a tour around it. They also learnt the importance of extracurricular activities, like visiting the library, swimming pool, etc. The kindergarten play area is the center of attraction for the children so that they can enjoy the school apart from their studies.

April

## IMPORTANCE OF EMERGENCY NUMBERS

Sometimes certain situations arise that may cause panic & confusion. And the best thing that one can do to cope-up with such situations is to make your child well prepared and make him/her learn emergency numbers thoroughly. To ensure this action, the teachers of Kindergarten made the little ones learn the "Emergency Numbers" with lots of fun & zeal.

5th  
April

## WORLD HEALTH DAY CELEBRATION

The school understands the importance of the unparalleled value of good health and imagines a world where cities are liveable, people are pertained to achieve good health and heal the health of the planet. To ingrain such awareness among the students we conducted varied activities on the occasion of World Health Day and motivated our students to practice healthy habits regularly.

### My Healthy Platter (Salad Making)

### Importance of Personal Hygiene

### Boost your Health (Volleyball Match)

13th  
April

## OBSERVANCE OF AMBEDKAR JAYANTI

A Declamation Competition was organized on the theme of 'New Generation, New Nation' to celebrate the birth anniversary of Dr. Bhimrao Ambedkar Jayanti - The Father of the Indian Constitution. The students partook with great diligence and put forth their views on the vital role of youth in nation-building.

16th  
April

## WORLD HERITAGE DAY

Monuments & Ancient buildings are an asset to the world. They are a matter of pride for the entire world.

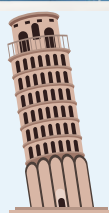

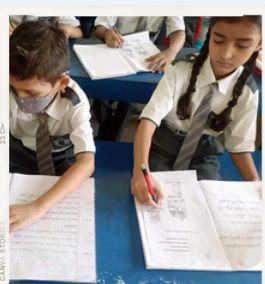

The school in order to inculcate the same belief in the minds of the younger generation conducted various activities on the occasion of World Heritage Day and narrated the importance of ancient historical buildings and their preservations. The aim is to spread awareness among students about the culture and natural heritage around the globe.

## Know Your Monuments

Book-Mark Making

22nd  
April

# EARTH DAY CELEBRATION

The school believes that nature, plants, and the land are integral to human health and hence it is every individual's responsibility to take care of them. To develop a sense of responsibility among the future generation and to celebrate EARTH DAY, the school organized Craft Activity for the students in Kindergarten. The aim of conducting this activity was to show JVPians a path that will lead them to work towards taking concrete steps to save the ailing planet.

## QUIZY BEES

A Quiz is like a mini-mystery to solve and the students of JVP INTERNATIONAL SCHOOL are always on a quest to solve the mysteries. Hence, the school organized Quizzy Bees, A General Knowledge Quiz for the students of Classes IX to XII. The students participated in the quiz with full fervor. The winner was Pawnee House and the team comprises Aditya Kumar (XII Maths), Neeraj Poswal (XII Maths), Kunal Pandey (X A), Ishita Panchal (IX B).

28th  
April

## PERSONALITY DEVELOPMENT SESSION

A well-groomed personality allures and is praised by everyone. The school organized a Personality Development Session for the students to develop an impressive personality so that they can stand apart from the rest. The session threw light on numerous small changes, tips, and techniques that one can practice to build up a charismatic personality.

29th  
April

## INTERNATIONAL DANCE DAY

Dance is everything in one thing; it is a hobby, talent, art, passion, fire, and desire. On the occasion of International Dance Day the school celebrated this amazing art form of 'DANCE' by letting all its children dance their lives away in happiness, pride, enjoyment and so much more than dance can express. Our children in return tapped their feet to the beat of their heart, swayed to the sparkles of their soul.

May

# Mother's Day Celebration

Mother - it's not a single word, it is, in fact, a universe. A universe of love, sentiments, protection, care, sympathy, confidence, empathy, and a whole of other emotions! She is the supreme being who is always willing to walk a bit more for the happiness of her children. The relationship between a mom and her children is always precious & special.

And to celebrate this precious and special bond the school observed Mother's Day on 7th May.

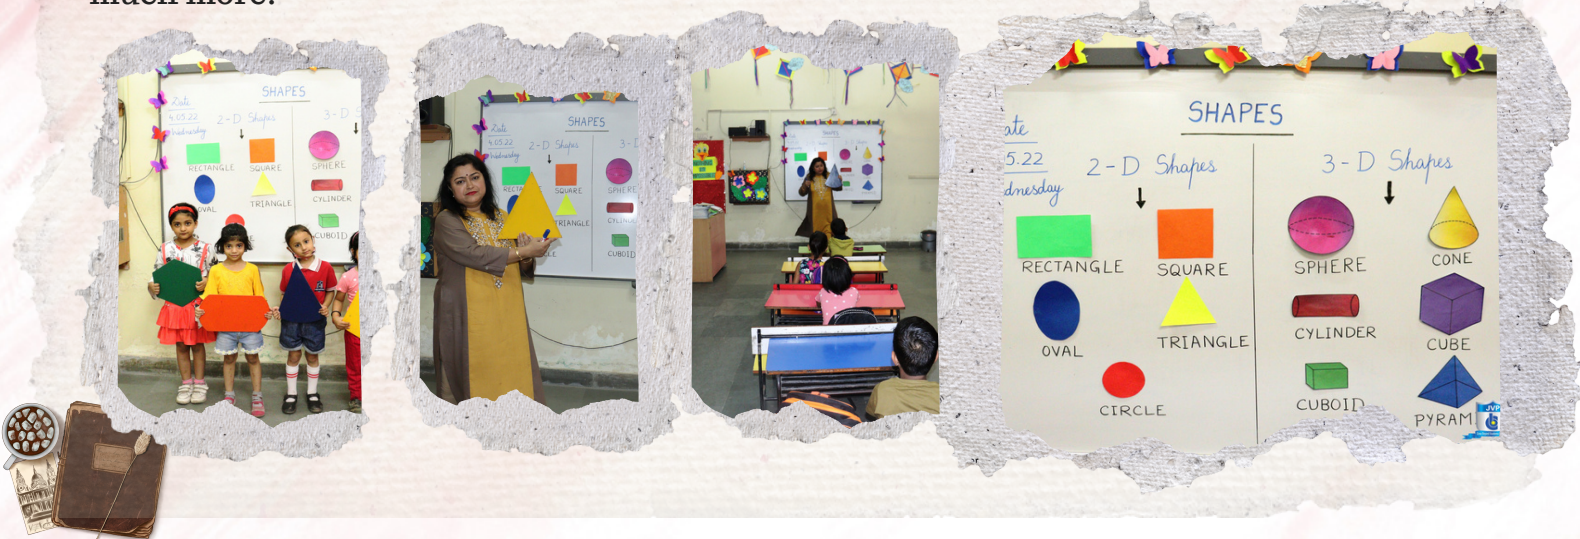

9th  
May

# LET'S LEARN SHAPES

From rectangular doors to square roofs and circular wheels—shapes are everywhere. Learning shapes not only helps children identify and organize visual information, but it also helps them learn skills in other curriculum areas including reading, Math, and Science. Learning shapes also helps children understand other signs and symbols. Understanding shapes will enable students to be more in tune with the world around them and see the connections between objects. So, seeking the importance of shapes kindergarten kids learned different shapes, differences between 2D and 3D shapes and much more.

May

# SAVE SOIL MOVEMENT

"Let's Be Loyal To The Soil"

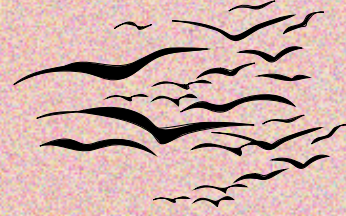

A Global Movement to restore soil health and actions toward increasing the organic content in the soil was conducted by the school. As we wanted our students to understand the need for conserving soil to have food on our plates. Apart from an amazing stage performance on the theme, the students also wrote letters to The Prime Minister of India appealing him to commence a drive to 'Conserve Soil' and aware people to stop destroying the soil and be devoted to it.

16th  
to 20th  
May

# SUMMER SPLASH

"Summer Splash" the Summer Camp was a great initiative taken up by the school to help kindergarten to class VIII students to make optimum use of their holidays by learning and mastering skills which includes Music, Dance, Art & Craft, Swimming, Drawing, Skating, Language learning and enhancing English Communication Skills.

JVPIANS had a wonderful time at the five days Summer Camp. They enjoyed fun-filled activities and learned social skills. The roller coaster ride comes to an end today but it doesn't dim the enthusiasm of the kids rather they are looking forward to such more fun-filled days.

June

## International Yoga Day

Yoga is an invaluable gift of ancient India. It embodies unity of mind and soul. Thus, the school celebrated International Yoga day by making its children perform various yoga asanas, taught them correct breathing techniques while doing yoga, and educated students about the umpteen benefits of this ancient assest to inspire them to adopt yoga for better health and well-being because the health of every child counts.

25th  
June

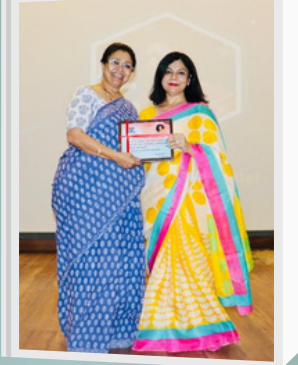

## Skills Enhancement and Teachers' Development Program.

### "Self Belief and Conviction"

'The more you surround yourself with knowledgeable people, the more knowledge surrounds you.'

So, to amp up its teachers with knowledge and motivation, the school orchestrated an enriching and enlightening Session by Mrs. Karuna Yadav, Master Trainer of CBSE on the topic of 'Self Belief and Conviction' as once you start believing in yourself, the magic starts happening. The teachers were instilled with high spirits to commence the new academic session with upgraded skills and innovations.

29th  
June

### 'Competency-based Learning for 21st Century Skills'

The people who take learning, growth, and skills development into their own hands can conquer the world.

JVP INTERNATIONAL SCHOOL organized an enriching and interactive Seminar for its teachers on 'Competency-based Learning for 21st Century Skills' by a renowned motivational speaker Mr. Arindam Banik.

The teachers were excited about the seminar and exuberantly participated in all the activities and learned about a few mandates and innovative methods to be applied to the field of education to serve our students in the best way.
