About us

Bansal Group had its great beginning in the year 1983 with single student. The Dedication, Sincerity, Honesty and Hard Work in training the students by Mr. P. K. Bansal resulted in the form of commendable success for producing the maximum results in IITJEE from Bansal Group and the City Kota situated in Rajasthan became the destination for the students aspiring for IITJEE.

With a team of highly dedicated faculty and staff Bansal Group became the genesis of IITJEE. Over a period of time we proved that with our dedication, commitment and perseverance we have achieved an unparalleled excellence in the field of IITJEE. The constant support and motivation of the parents made us enter into Medical and other engineering entrance tests.

After establishing itself as a leader in tutorial services we analysed the need of quality education at grass root level. Bansal Group forayed into formal education with its first K-12 school, Bansal Public School at Kota. The school has achieved "Education Excellence Award-2012" within its few years from inception. We understand the need of a child and thus have developed facilities and teaching methodologies to deliver the best education at JVP International School, Jaipur. A good schooling for a child is the strongest pillar for the overall development of his / her personality. We have a team of expert professionals to develop JVP International School in the best of requirements. Our school inherits a philosophy of being honest in all our actions. Under the aegis of our visionaries we will definitely create a center of excellence in the field of schooling.

We believe that our journey will cherish a lot of good memories and a foundation for good career for many.

VISION

Service Before Self ...

The motto of our School is a vivid reflection of the mettle and dedication that goes into the making of a noble institution, with a noble mission.

It is a constant reminder that the school spirit always accords greater priority to the welfare of others over welfare of one self. Service towards an enlightened path has always been the bedrock of our school philosophy; which reflects a commitment to serve others willingly, graciously and selflessly. Our Institution contributes it's bit through sincere efforts to prepare the young pupils to become ideal citizens and hope of the nation.

More than the curriculum, as we firmly believe in grooming our children with the right values, the right ethics and the right attitude thereby assuring that they are responsible, competent, honest, humane, enterprising, perceptive and emotionally dependable individuals of tomorrow. Yes, we encourage our student to be academically sound and enthusiastic. However, at the same time we goad them to be involved in as many activities as they possibly can be it sports, cultural or aesthetics - participation helps them to discover and unleash their talents, build team spirit and initiate leadership skill.

Parents have perennially partnered with us to fulfil our mission and we are proud of two prevailing modalities - while on one hand the faculty frequently dialogues with the parents, on the other, our teachers never cease to extend their hands beyond the realms of the class room, bonding naturally with the students. At JVP School we ensure that every child gets proper attention and a good academic environment to grow.

Pramod K. Bansal, Chief Mentor

// The power of ignited soul is more powerful than any force on the earth. //

For us, education is ...

more than the curriculum, as we firmly believe in grooming our children with right values, the right ethics and the right attitude thereby assuring that they are responsible, competent, honest, humane, enterprising, perceptive and emotionally strong individuals of tomorrow. Yes, we encourage our students to be academically sound and enthusiastic, however at the same time we motivate them to be involved in as many activities as possible. Be it sports & co curricular activities as participation helps them to discover and unleash their talents, build team spirit and initiate leadership skill. Parents have wholeheartedly co-operated & supported us to fulfill our mission & motto, where on one hand the faculty frequently interacts with the parent and on the other, our teachers never cease to extend their hands beyond the realms of the class room, bonding naturally with the students.

Gaurav Bansal, Director

// A man who has never made any mistake is someone who has never tried anything new in life. //

We believe that a child's education is a shared process where home and school work in a partnership for the mutual benefit of the child.

In my earnest attempt to delineate the prospects that your child would have at our institution, it becomes my prime responsibility to put to you the ideology and conviction inherent in the foundation of JVP International School. An extract from ones saying "... your children are not your children. They are the sons and daughters of life's longing

for itself... you are the bows, from which your children as living arrows are sent forth.

With your support, our confident team will surely set high standards in the field of education in the times to come. The students at JVP International School will experience the joy of discovery, rather than just be quantities measured by numerical scores or letters of the alphabet.

Atul Kulshreshtha, Principal Mentor

// We cannot always build the future for our youth but we can build our youth for the future. //

School education lays the foundation for the future of the students and ensures a stable, successful and satisfied life. JVP International School is well aware of the importance and significance of different stages of students' life and the activities of the school are planned to identify and nurture their inherent talents. Teaching and learning process is mainly child centered and targets to prepare every individual for their career and to acquire adequate life skills. The school activities are planned and prepared meticulously, giving equal importance to academics, co-curricular and extra-curricular activities. These activities are strategically implemented to ensure

the overall development of the students. The school is well equipped with the state of the art facilities and an excellent infrastructure which provides an ideal and safe environment for teaching and learning. We aim to not just impart knowledge to the students, but also to inculcate in them - wisdom, compassion and a humanitarian spirit. We have a multi-cultural student population; hence we teach children the importance of tolerance and respecting each other's culture. Discipline, values and integrity are the very foundation of this school. Our mission is to continue to do what we have always done: develop this school and the students with integrity and values; also, to give our students the best opportunities and the best all-round education. Our vision is to produce conscientious, smart and confident citizens of India who will go out into the world and make us proud.

Himani Oberoi, Principal

Faculties

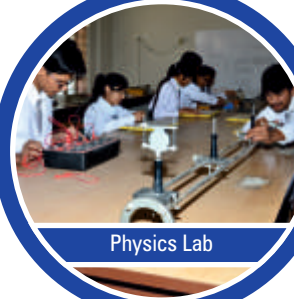

The laboratories are well equipped with modern and latest equipments. Teachers and students enjoy the freedom to observe, experiment, analyze and create. Children have a terrific time during practical classes at the Physics, Chemistry, Biology, Maths, Computer & Language Labs. With guidance from the staff, they discuss and exchange different approaches for conducting practicals , adopt experimental modes of learning and occasionally enjoy lighter moments during practical sessions.

HOLISTIC EDUCATION

Among the key strengths of the BPS education system where much emphasis is laid on broad-based and holistic learning, focus on teacher quality and integration of information into learning. We also believe that our school works closely with the parents and the community.

KINDERGARTEN

Nursery | LKG | HKG

We believe that maximum learning takes place in the first seven years of a person's life. Therefore children deserve to get the best learning exposure at the pre-school level. Since young children have an inbuilt curiosity to explore, the learning skills are introduced not through drill, but through fun and exciting activities. For every theme, related activities are planned like songs, stories, rhymes and art & craft. Frequent competitions are also incorporated in their learning process. All major festivals are celebrated with great fun. Beside all these, garden walks, films, magic show and puppet shows form an intrinsic part of the school curriculum.

PRIMARY WING

Class I to V

The primary school - class 1st to 5th, sets the foundation of subjects to come in senior classes. The confidence of students in language, mathematical ability, basic science is strengthened and the awareness of the world around them is improved. Their creativity, curiosity and sporting talent is encouraged through deliberated sessions. Many team based activities bring students together and individual activities help to develop confidence in themselves. The school aligns itself with the CBSE curriculum.

SECONDARY WING

Class VI to VIII

Middle school is embarking on a lifelong task of establishing personal identity and acquiring social skills. Academically, they are developing higher level thinking and reasoning skills, while, socially, peer group approval gains importance as they begin to develop their own values and make their own decisions. We offer our students a well-balanced programme that promotes physical activities, healthy lifestyle, as well as exposure to the arts and a stimulating academic environment. Although our programme is challenging, we provide support to those who require it, ensuring that every body has the potential to be successful.

SENIOR WING

Class IX to XII

The higher Education which serves as a bridge between middle and college education is expected to prepare young people between the age group 14-17 in the world of work and entry into higher education.

The senior school programme at JVP has been planned and compiled based on the structured, student centered and enquiry-based foundation laid during the primary years.

- Flexible, yet comprehensive curriculum with rigorous international standards.
- A unique approach to interdisciplinary learning using multiple instructional methods and teaching strategies.
- Community and global focus with an emphasis on intercultural understanding.

JUBILATIONS

ANNUAL FUNCTION

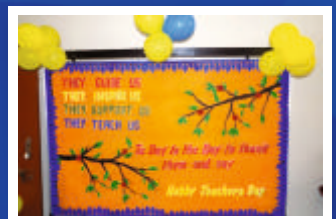

DIWALI CELEBRATION

EXPLORATORIUM

CLUBS AT SCHOOL

Joining a student club opens the door to build new friendships, enhancing your academic life, and exploring career opportunities. As an active member of a student club, you will learn important leadership and management skills as you participate in a variety of programmes. This may include planning campus-wide academic, cultural, arts or social events, as well as working on various aspects of student publications, competing in athletic competitions or debate tournaments, attending leadership seminars, and organizing community service projects.

The integration of work and study as the key element at JVP. It opens door to enhance academic life and cultivates voluntaristic spirit.

Club activities give students practical training and gives opportunity to show their talent.
