Dear Parents

The most awaited vacations of the year are around the corner. It is a wonderful time to relax, enjoy ice-creams and spend quality time with your kids. At the same time, it is a time to increase their knowledge. Hence, the homework assignments and activities are designed to help the students explore their own creativity. Apart from academics, here are some suggestions to make the vacation a memorable one.

- *Play with them, tell them stories and talk to them about their problems, aspirations etc. Help them set and achieve goals for self-improvement and motivate them by your own active participation (for example managing anger, meditating for calmness, cycling and yoga for fitness)*
- *Motivate them to pursue a hobby. Focus and develop an effective diet routine for your child and always remind him/her to stay hydrated by drinking a lot of water and fluids.*

Happy Holidays!
